Our mobile covers are being used all over the country to help prevent matches from being cancelled due to inclement weather. We have worked closely with our customers to adapt and re-design our covers to ensure they are just what every cricket club and school needs.

We can provide 2 x models of mobile covers to suit your ground.

	Standard Set	Superior Set
Size	Three 7.3m x 4m units	Three 8m x 4m units
Puncture Proof Wheels	6 Fixed and 6 Swivel	6 Fixed and 6 Swivel
Tricoflex Hose	75m – 19mm Diameter	75m – 19mm Diameter
Attachment Kit	Optional Extra	Optional Extra

We also provide a package for our 8m model, which includes:

	Superior 8m
Size	Three 8m x 4m units
Side Sheets	24m x 4m
Run Ups	9.14m x 4.57m
Included in Package	50 x Pegs, 75m Hose and Attachment Kit

We can also provide packages on our 7.3m model if required.

Cover Tops

Each set of covers comes complete with 3 x PVC mobile cover tops, which can be manufactured in a variety of colours. We can also provide printing on our white cover tops, or decals on coloured tops.

Attachment Kit

This product may be supplied with a new set of units or purchased separately for a retro self-fit. This allows side sheets to be attached to mobile covers.

Installation

We have a dedicated delivery and installation team which travels around the UK ensuring your mobile covers are assembled correctly. However we can provide an installation guide if required.

Delivery and installations are planned around other customers in your area.

Bespoke

We can design, manufacture and install a set of mobile covers to cater for any cricket clubs specific needs i.e. narrower mobiles to fit through a set of gates.
